LOBSTER TWIST by Jake Chénier

Chorus:

Lobster, do the Lobster Twist (3x)
All you've got to do is twist like this

It was a sunny day on a Sunday afternoon
I was sitting on my blanket just a singing this tune
Grooving to the music and working on my tan
Digging, digging, digging my toes in the sand
When I looked up and saw coming from the sea
A bunch of twisting lobsters
I counted forty-three doing the ...chorus

They were twisting in the sun
They were twisting in the sand
They were twisting in the water
They were twisting in the band
Everybody's doing it down in the sea
Come on everybody get up on your feet
And do the ...chorus

Song #2

Coconut Song by Jake Chénier

Here's a little story
Ay ay ay (repeat after each line)
About a Mexican boy
All he had was a coconut
To play with as a boy
Well he didn't have any money
To buy a toy from the city
Still I've never seen a boy as happy
As the boy playing games by the coconut tree

Chorus:

Roll the coconut in the sand
Play the coconut, coconut band
Juggle coconuts, one, two, three
Hope those cocos don't land on me
Ay ay ay ay ay ay ay (2x)

Now the boy is a farmer of a coconut crop
But he won't stand close when the coconuts drop
When they're ripe and ready
They'll be headed for the ground
Down, down, down with a coconut sound ...chorus

Have you ever climbed up a coconut tree
You can see forever to the deep blue see
But my feet are in the sand as I'm looking to the sky
Cocos are hanging but they're way up high ...chorus

Song #3

BANANA SPLIT by Jake Chénier

Chorus:

Doo doot 'n doo
Doot doot banana
Doo doot n' doo
Doot doot banana
Doo doot n' doo
Doot doot banana split

If I could ever be
Something else instead of me
I'd make a wish and see
Maybe I could be
A great big hairy fella
Not quite a gorilla
Just a monkey swinging in a tree
And I'd be singin' ...chorus

I lie awake at night
Starin' at the season
Hopin' that I'll fall asleep
And overcome this feelin'
And when I finally do
Fall asleep and snore
I can hear the bells a ringin'
It's bananas at the door
And they're singin' ...chorus

Those monkeys got it good
Swingin' in the jungle
Hear the swaying of the leaves
They're dancing to the bongos
They don't have to wait
Until it's supper time
They just swing around
And pluck 'em from the trees
While they're singin' ...chorus

Song #4

Hey Mister Ice Cream Man by Jake Chénier

Chorus:

Hey mister ice cream man
Build me a cone if you can
Well make it nine scoops high
So it can touch the sky
Hey mister ice cream man

Oh what a hot, hot day
There's got to be a better way to cool down
Do me a favor and throw on a flavor
On top of a cool sundae ...chorus

Just Like a dog that needs his bone
On days like this I need my ice cream cone
I've hurt my feet walking in this heat
And I won't stop till I get that cone ...chorus

When I grow up I'm gonna have a business of my own
I may sell lemonade and maybe Kool-aid
But you bet I'll sell ice cream cones
Oh I would never survive
Without that necessity of life
I need that soft and creamy
So smooth and dreamy
Ice cream to keep me alive ...chorus

Song #5

Living In The Jungle by Jake Chénier

When You're Living In The Jungle
Everything is green
When you're living in the jungle
Plants are bigger than you've ever seen
When you're living in the jungle
The air is fresh and clean
And the plants outnumber everyone
And they help to let you breathe

When you're living in the jungle
You are not alone
When you're living in the jungle
Many animals make their home
When you're living in the jungle
You can hear so many sounds
Like the howling of a monkey
And the singing of the birds
From the branches all around

When you're living in the jungle
A monkey may swing by
When you're living in the jungle
You can see a budgee fly
When you're living in the jungle
It's hard to see the sky
But there are spots
Where the sun shines in
And dances in your eyes

When you're living in the jungle
You can call yourself Tarzan
When you're living in the jungle
You can play in the bongo band
When you're living in the jungle
You live in a big tree house
Far above the jungle floor
Quiet as a mouse
When you're living in the jungle (4x)

Song #6

Ghost In The House by Jake Chénier

I don't believe in ghosts
At least I've never seen one
There may be spirits floatin' around
But they don't talk to me
And sometimes if I goof
At something that I've done
I often say "It wasn't me, the ghost is on the run"

Chorus:

There's a ghost in the house
There's a ghost in the house
There's a ghost in the house
At least that's what I told my Mom and Dad

It all got started late one night
When I snuck down to the kitchen
There on the table a chocolate cake
Mom just finished bakin'
I took a piece and crept upstairs
And slipped into my bed
In the morning Mom said
"Who took a piece?"
And this is what I said ...chorus

Playing in the yard when the rain began to pour
It dampened all our spirits
So we made for the door
We muddied up the floor
And Mom said "Who's to blame?"
I said "It must have been a ghost.
But I don't know his name" ...chorus

Every year I get dressed up go out on Halloween
Wear a costume, paint my face, no one knows it's me
A Teenage Mutant Ninja Turtle
A gallon to paint me green
There was green in the sink, on the fridge and the walls
But Mom it wasn't me ...chorus

Song #8

Dream World by Jake Chénier

When the sun goes down and all is quiet
You can stop and think
Think of all the good you did today
It will only take a moment
Can you find one by your side
I'm sure I saw a spare one come this way

Chorus:

In the dream world, you can find me there
In the dream world, I can take you there

Close your eyes
Don't let the bed bugs bite
They can't hurt you floating in the air
I've seen the Eiffel Tower
And climbed it to the top
And they told me it was only in my dreams ...chorus

Before we had our wings
And knew the magic of the skies
We used to dream and watch the eagles fly
Every new creation is within you an I
And everyone who cares to come and dream ...chorus

I Can Hear The Train by Jake Chénier

If you listen very carefully
You can hear the rumble, the rumble in the ground
And when it gets close and you can see it coming
That's when you're going to
You're going to hear the sound

Chorus:

Choo choo, I can hear the train
I can hear the train
Rolling down the track (chorus 2x)

Sometimes two are tied together
Huffin' and a puffin' and going up a hill
And when they get there
You know they're coming down
Faster than they went up
I hope it doesn't spill ...chorus

One day just driving down the highway
I saw the flashing lights
A train was on the road
Crossing to the other side
Huffin' and a puffin' with a mighty heavy load ...chorus

My dad, he took me for a ride
We bought ourselves a ticket and we climbed inside
They fired up the engine and the whistle cried
We're going on a trip to the countryside ...chorus

Pizza, My Heart's Delight by Jake Chénier

One day I picked up the telephone and ordered a medium pizza
They said "Pick it up cause it's ready to go
At the corner pizzeria"
So I went down to pick it up
And I knocked on the door
But the note said gone to Russia
So please come back tomorrow

Chorus:

Oh pizza, pizza where are you?
I cry for you in the night
Oh pizza, pizza where are you?
You are my heart's delight

So I went back the very next day
And I knocked on the door
But the note said gone to Mexico
So please come back tomorrow ...chorus

Well the corner mall had "Italian Day"
"Free pizza!" I heard someone say
But when I got there just a little too late
They had given it all away ...chorus

So I decided to make my own creation
My own secret recipe
But when I turned my back
My dog ate it up
And left not a bite for me ...chorus

Gimme, gimme, gimme, just one more bite
I'm livin' in pizza paradise
