Song #1

## Walking In The Sun by Jake Chénier

Chorus:

Walking in the sun  
Walking in the sun  
Everybody's walking hand in hand  
Walking in the sun

I feel like waking up on this warm and sunny day  
And calling all my friends and going out to play  
'Cause when the sun comes up  
He moves across the sky  
A long and slow hello of light  
Before he says goodbye ...chorus

Slap on a hat  
Slip on a shirt  
A little sunscreen doesn't hurt  
These are little things  
Easy to be done  
So we can go on living  
Living with the sun ...chorus

Everybody  
Everywhere  
Everybody shares the same old sun  
It's been that way since the world began  
It doesn't really matter where you're from ...chorus

## Monkey See, Monkey Do by Jake Chénier

Chorus:

Monkey see and Monkey do  
I'll do something and you can do it too  
Monkey see and Monkey do  
I'll do something and you can do it too

Stand on one foot, keep your balance  
Wiggle your big toe  
Point your fingers from your head  
Just like a buffalo

Jump up and down like a kangaroo  
And step off to the side  
Take one more great big step  
And let the other slide ...chorus

Flap your arms like an eagle  
Gliding through the sky  
You can fly just like me  
It's easy if you try

Hold your breath we're going down  
To the bottom of the sea  
There you'll meet an octopus  
He has six more arms than me ...chorus

Swing through the jungle  
Like a chimpanzee  
Jump from tree to tree  
Peel yourself a banana

## Big Fish, Little Fish by Jake Chénier

Little fish swimming in the water  
 Hanging out alone  
 Down near the bottom  
 He left his school and might be a goner  
 If the big fish hadn't come along  
 If the big fish hadn't come along

Fisherman came upon a worm one day  
 He said "Hey I've got a job for you  
 How'd you like to hang on my hook all day  
 Down in the deep, deep blue,  
 Down in the deep, deep blue"?

Fisherman said with a wink and a smile  
 "On a shiny new hook you're going down in style  
 Take a good book 'cause it may take a while  
 Till the big fish comes along  
 Till the big fish comes along"

Worm in the water, worm with a book  
 Little fish came a swimming just to have a good look  
 Saw the worm in the book  
 And he might have bit the hook  
 If the big fish hadn't come along  
 If the big fish hadn't come along

Along came the big fish down near the bottom  
 Saw the worm looking good to his brother  
 Worm called up "Hey I think I got him"  
 But the big fish came along  
 But the big fish came along  
 Big fish said "It doesn't look right  
 You're going to get hooked if you take a big bite"  
 Little fish might have got caught that night  
 If the big fish hadn't come along  
 If the big fish hadn't come along

So the little fish went back to school  
 Didn't want to be a fisherman's fool  
 Might have missed out on the golden rule  
 If the big fish hadn't come along

## Elevator Fun by Jake Chénier

1,2,3,4,5,6,7

Goin' up and down in an elevator

7,6,5,4,3,2,1

Let's have a little bit of elevator fun

First floor, nothing more than lots of fancy writing

Lipstick, perfume, nothing too exciting

Everything looks like it costs too much

I don't think I want to get off

One more up, the next one's two

You can find yourself in the middle of a zoo

A chimpanzee and a kangaroo

Maybe they'll even come with you ...chorus

One more up and the next one's three

This is where I realize there isn't just me

24 people by the elevator door

All want to go to the very next floor

Fourth floor, nothing more than washers and dryers

Chocolate covered pickles and a bunch of rubber tires

Two scarecrows and a sponge canoe ...chorus

Floor number five, I'm still alive

I don't believe it, what a ride

Too many people from here to the door

Looks like I'm goin' up one more

Sixth floor, let's explore

Sporting goods and so much more

Baseball, ping pong, what a score

Hey isn't that a dinosaur? ...chorus

Floor number seven, we've made it to the top

Book shop, toy shop, lollipop

Don't forget it's the very last stop

You'll be going down if you don't get off ...chorus

## Look It Up In A Book by Jake Chénier

Chorus:

Look it up in a book  
Take it home from the library  
Look it up in a book  
Turn the pages and have a good look  
There's so much you can learn in a book

Pages are for turning  
Words are there for reading  
Pictures are for seeing  
Just how it looks to me ...chorus

From the comfort of your chair  
You can travel anywhere  
Learn about a foreign land  
Where one day you may go ...chorus

Science on my mind  
Recipes I want to know  
Mysteries I've yet to read  
I know where to go ...chorus

Hey that sounds like Calypso  
Calypso? What's that?  
I looked it up in a dictionary  
It's a style of music from the Caribbean  
I know where that is, I found it in the atlas  
Our library has a book of Caribbean fairy tales  
My mom has a book of Caribbean recipes  
The food is delicious

Turn the pages and have a good look  
There's so much you can learn in a book

**Buzz, Buzzity, Buzz**  
**By Jake Chénier**

Chorus:

Buzzzzzzzzzz

Buzzity buzz

Buzz buzz buzzity buzz

I come buzzing by your window  
I come buzzing in your ear  
I always come buzzing at this special time of year  
You may hear me when I'm coming  
You may feel me when I munch  
Mind if I join you for lunch? ...chorus

While I'm not just a mosquito  
No I'm food for somebody else  
Dragonflies love to feed on me  
I've got to look out for myself  
While I don't mean to bug you  
But I'm a bug! Hey! That's what bugs do  
Mind if I join you for lunch? ...chorus

I'm always glad to see you  
Why aren't you glad to see me  
I always want to be near you  
But your deodorant drives me away  
You donate your blood to people in need  
But what about me? I've got to feed  
You haven't donated your blood to me once  
You and I should do lunch ...chorus

## Firefly

by Jake Chénier

Walking through the forest I came upon a sight  
There in the darkness I thought I saw a light  
Quietly it moved  
A gentle flash of green  
It was light made by nature on a flying machine ...chorus

Chorus:

Firefly lighting up the night

Firefly

Fly fly fly (repeat 2x)

It flew across the sky and landed at my side  
It sat upon a bush  
And then it seemed to hide  
I looked to find a switch  
To turn on the light  
Then I saw it fly away  
Clean out of sight ...chorus

I caught a firefly and put it in a jar  
I showed it to my friends, I showed it to the stars  
I saw it was unhappy and it didn't feel right  
So I opened up the jar and gave it to the night ...chorus

## Alphabet Farmer by Jake Chénier

Chorus:

I'm the alphabet farmer  
Planting letters one by one  
I'm the alphabet farmer  
Growing words in the new day's sun

It's just like planting vegetables  
Every letter's a seed  
From the ground we'll watch them grow  
To the day we can read ...chorus

Letter after letter  
Word by word a sentence grows  
Put them all together  
What I'll say next nobody knows ...chorus

How do you say this word?  
I need some help from you  
I can say so many words  
But I like the ones that are new ...chorus

**Boom! Boom! Boom!**  
**By Jake Chénier**

Chorus:

Boom! Boom! Boom!  
Goes the volcano  
Rumble rumble rumblin' ground  
Lava goes up and lava comes down

Down in Guatemala  
Just south of Mexico  
People come from miles around  
To see volcano blow ...chorus

People plant their gardens  
Along the mountainside  
When volcano blows  
People run and hide ...chorus

Mother Nature's blowing steam  
Lava flowing down in streams  
Hot rocks shooting way up high  
Hundred meters in the sky ...chorus

## Hookey Spookey By Jake Chénier

You put one foot in, you put one foot out  
You put one foot in, and you shake it all about  
You do the hookey spookey and you turn yourself around  
Now everybody make a spookey sound

You put one hand in, you put one hand out  
You put one hand in, and you shake it all about  
You do the hookey spookey and you turn yourself around  
Now everybody make a spookey sound

You put your nose in, you put one nose out  
You put your nose in, and you shake it all about  
You do the hookey spookey and you turn yourself around  
Now everybody make a spookey sound

You put your belly button in, you put one belly button out  
You put your belly button in, and you shake it all about  
You do the hookey spookey and you turn yourself around  
Now everybody make a spookey sound

You put your whole self in, you put one whole self out  
You put your whole self in, and you shake it all about  
You do the hookey spookey and you turn yourself around  
Now everybody make a spookey sound

(Can you think of any other ideas?)

## The Dinosaur Dance

by Robert Haimer, Bill Mummy

Well I woke up this morning and I got a big surprise  
I could hardly believe what I was seeing with my eyes  
Trees and rocks were falling  
It was truly shocking  
All the dinosaurs were out and they were really rocking ...chorus

Chorus:

Brontosaurus was doing the bop  
Tyrannosaurus rex was twisting  
Stegosaurus did the stomp  
They were peacefully coexisting  
Even a big triceratops got up to shake and prance  
Everyone was having fun at the dinosaur dance  
Everyone was having fun at the dinosaur dance

Well, I ran for cover  
'Cause everything was shaking  
The cave that I was sleeping in  
Looked like it was breaking  
I hid high up on a mountain  
My head was in the clouds  
I had to cover up my ears  
They were singing really loud ...chorus

They danced all through the morning  
They danced all through the night  
Everything came tumbling down  
And it gave me quite a fright  
They split the ground wide open  
Like an earthquake happenstance  
And that's what finally put an end to the dinosaur dance ...chorus

## **Bobbin' In My Boat** by Jake Chénier

Chorus:

Going side to side, forwards, backwards  
Bobbin' up and down, bobbin' in my boat  
Going side to side, forwards, backwards  
Bobbin' up and down, bobbin' in my boat

Going out on the water on my fishing boat  
My life jacket's on if my boat doesn't float  
I've got a pen and paper and I'm going to write a note  
Put it in a bottle and the bottle's going to float ...chorus

If you're looking for me you can find me by the island  
Bobbin' up and down, bobbin' in my boat  
Always looking up, checking out the sky  
If the wind comes up, the waves get high ...chorus

It's a tropical forest and there is no snow  
In the land of Thai where the cashews grow  
It's too hot working in the tropical sun  
Gonna lay in the hammock till the moonbeams come ...chorus

## Little Stick House By Jake Chénier

Chorus:

I live in a little stick house down by the sea  
I live in a little stick house and all my friends visit me

Fairy tales and stories are always keeping busy  
They love to read and write a lot and tell each other stories  
But when they're sitting on the shelf life gets really boring  
So they leave their pages home and come to visit me ...chorus

A dog, a cat and Three Blind Mice find their way around here  
I even had little Bambi stay with me this year  
Humpty Dumpty's on my wall but here he doesn't fall  
Gingerbread Man is baking in the sand  
Till he hears the supper call ...chorus

I always have a good supply of cheese for Mickey Mouse  
Three Little Pigs are in the yard working on the house  
Three Bears often stay next door but they like to go for walks  
Down the beach to visit their friend little Goldilocks ...chorus

Jack be nimble, Jack be quick over Palm trees leaping  
Pinocchio is often sitting by the seaside dreaming  
The Man in the Moon and the stars are out  
When everyone is sleeping  
Everything is quiet till they all come visit me ...chorus
